

## PRINCIPAL'S NEWS

1st March 2024

Schools are some days messy regardless of 'culture' but across the board this is what we all value and strive to achieve. Year 6's said it best in Courtyard Prayer this week, suggesting that in this community we aim to do what Jesus did, reminding us to use our energy in a good way not to waste it on negativity. This was a great message for their little Prep buddies to hear, who have been front and centre for them over recent weeks. Prep-pies have so much to learn in their first year of formal education and sometimes we forget some are only 4 years old. They are still so very young! Socialisation, routine and how to regulate their emotions are paramount and skills that take time, understanding and often a whole lot of patience. However, in turn, we have much to learn from the youngest ones as well. In watching our Prep students go about their business this week, I have learnt quite a lot from them and about them. Here are two examples of how they have added to our culture without even realising this week;

### *Life and Dignity of the Human Person and Solidarity*

A group of young men were crouched down worried about their friend who had left his hat at home. They'd already checked in with class teacher, but the spare class hat had yet to be returned. Rather than go off and play without their little friend, they continued to problem solve. They felt empathy for their friend and wanted to see him happy. They put their heads together and decided I might be able to assist. I was able to find a tattered, badly fitting, yet well-received hat, which got this young man back on track with the support of his friends. I am sure he would not have forgotten his hat today but relationships were bolstered in this one simple incident.

### *Stewardship*

Then a group of young ladies who stopped to admire the flowers growing from weeds, which in their eyes were a beautiful gift from God to be used to show appreciation and love of a teacher passing by.

These are very small acts of kindness, but this is where culture begins and it was lovely to witness in only their 6<sup>th</sup> week of learning. Young people don't always get it right, but then us adults often struggle too. Young people rely on us to forge the lens that they will see the world through. They are watching and listening to every word and hanging on our every action. However, they are often naturally more forgiving and resilient than our own adult selves. It is my guess that the parents of the children mentioned above are doing a fine job modelling and sharing positive, proactive solutions to problems.

Last year we heard from Justin Coulson (2018) and his message about how every human in a relationship will inevitably encounter conflict. He suggests this to be an important part of development, as conflict allows us to examine our behaviour and grow in empathy. The child psychologist explains how in creating an environment which allows students to see the impact they have on others, empathy is developed and can make longer lasting changes in behaviour.

Year 6 in their Courtyard Prayer said 'Let's thank God for the beautiful people in our classes'. This sings so true. We have so many amazing students, but they are all learning and developing. Great humans are often a result of great parenting and a great education. It is important that we work together as a community to always use a positive lens when speaking and encouraging students to work through inevitable complications. This builds strong relationships and bolsters a sense of community which is so important to the 'culture' encouraged at St. Patrick's.

## PRINCIPAL'S NEWS CONTINUED

It takes a village....and we all have a part in building a safe, happy and productive community. Thanks for being such an integral part of what we do for the betterment of our young people.

Next week we will celebrate Dance Night at the culmination of their unit of work in Physical Education. I'd like to thank Taryn Gollshewsky for preparing classes for their routines. I for one am very much looking forward to watching their performances.

Some weeks ago I mentioned our Diocesan Primary Mathematics Consultant, John Campbell, will run two practical, hands-on sessions with parents on Monday 11th March. For those parents interested, please click below to register your interest. I am very much looking forward to catching up with any parents able to make what should be an informative and worthwhile time to connect.

## OUR MERCY CHARISM

A charism is a divine spiritual gift given to an individual or group for the good of the community. It helps us to express the Catholic identity and the assumptions, beliefs and values that the school community shares. We are a school founded by the Sisters of Mercy. The Sisters of Mercy were founded by Catherine McAuley, an amazing woman, who worked hard for the poor, uneducated and needy people in her community. This year we will continue to explore our Mercy Charism. I will be sharing more about this amazing woman with you throughout the year. As a first step I would encourage you to watch this story of her life: <https://www.mercyworld.org/film-in-god-alone/>

## THIRD WEEK OF LENT—PROJECT COMPASSION REFLECTION

### THIRD WEEK OF LENT

Written by Michael McGirr

Exodus 20:1–17 | 1 Corinthians 1:22–25 | John 2:13–25

If the world is one great classroom, then God is a fantastic teacher. We have all had experience of this: the firm and gentle way that God opens our minds and helps us to understand.

Today's readings show three different ways that God tries to get through to us. In the first reading, God sets some clear expectations for behaviour. They are all based around respect, both for the teacher and for those with whom we share the class! At the same time, God reminds us 'I am the Lord your God who brought you out of the house of slavery.' In other words, these are not random rules. They are designed to protect our deepest freedom. Disregarding them sends us back into captivity.

In the Gospel, Jesus is annoyed by people who think they know everything but who have not properly understood the basic lesson about justice and reverence. 'Stop turning my father's house into a market.' Finally, St Paul speaks about wisdom. 'God's weakness is stronger than human strength.' This is another style again: inviting us into a mystery, almost using riddles to get us to think outside the box.

It is no surprise that the Catholic community has always valued education and done a great deal to make it accessible for people around the world. Just as God teaches us, so too do we try to share the wonderful gift of learning with others.

This week, Project Compassion brings us the story of Leaia, who lives in Samoa. With the support of Caritas Australia's local partner Caritas Samoa, a water tank was installed in Leaia's home to harvest rainwater. This means that her family can now have access to clean water to drink and bathe. The time that was previously spent walking to collect water in buckets from a neighbour down the street can now be used for other essential tasks and, most importantly, her children don't have to miss out on school. School is a doorway that opens onto a better world.

The Gospel today says that Jesus knew what a person had in them. We should try to be the same: to see the potential, not just the surface.

### PRAYER

We pray that we will deepen our faith over the whole of our lives. May we be open to the many lessons God wants to teach us. Through Project Compassion, may we support the journey of all to fullness of life.

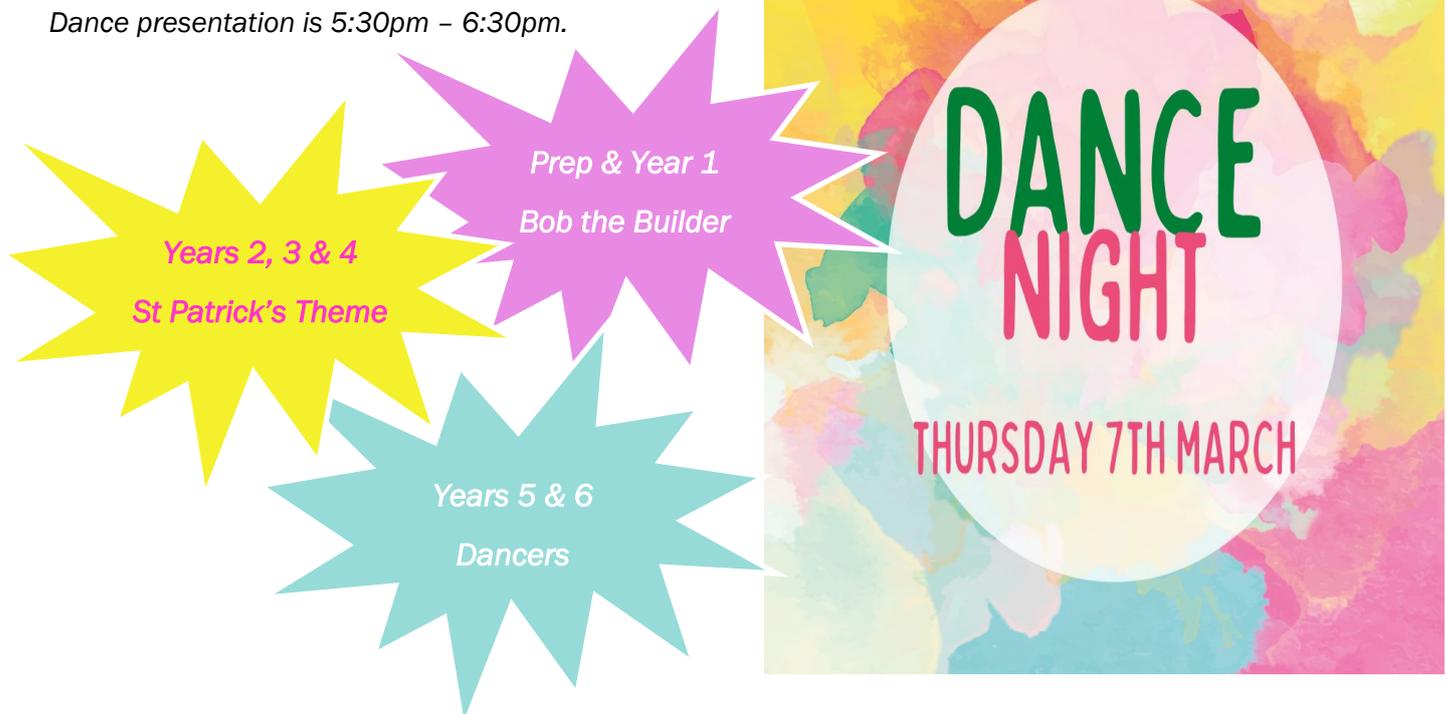

Amen

## DANCE NIGHT

Welcome Dance Night will be held Thursday 7th March. Our annual dance night is a wonderful way to welcome new families to the school and for our students to showcase their dancing talents they have developed through their Physical Education lessons.

The dance presentation will be held on the senior oval. Students will be seated in designated areas and supervised by teachers in their respective year levels during the performances. Students will remain with their classmates in their designated areas for the duration of the performances, with parents sitting in an area behind the children. Folding chairs are recommended for parents. Each student will be involved in three dances and suggested costume themes for each year level is outlined below. Our students have worked very hard to learn their dances and are looking forward to this performance to showcase their skills.

**Gates Open—5:00pm** Parents are welcome to bring a picnic dinner to enjoy with your family on the oval. Dance presentation is 5:30pm – 6:30pm.

## BUNDABERG DISTRICT U12 SCHOOL SPORTS TRIALS—2024

Trial information will be advised in the school's newsletter each week detailing trial information for upcoming individual and team events. Gaining selection in a Bundaberg District Team is the first step on the pathway to representing Wide Bay and Queensland. To represent Bundaberg District, students must be born 2012, 2013 & 2014 (only exceptional 10 year old students will be given permission to trial in team sports). The majority of team sport trials occur in February and March. Please be aware of the following points:

- Team sports are selected in an U12 category and it is very unlikely that a 10 year old student would be selected, with the exception of Rugby League. Rugby League selects students in U10, U11 and U12 categories due to the contact nature of the sport.
- Bundaberg District trials are not 'have a go' trials. St Patrick's has a responsibility for sending students who we feel display high ability in the chosen sport and a high level of behaviour.
- Students wishing to trial must have a consent form issued by the school with authorisation from Mr Plumb, Ms Gollshewsky or Annette Hammermeister. Students will not be able to participate in the trials without a **Bundaberg District Primary Schools nomination form**.
- Cross Country and Athletics nominations will be made by the school after our school carnivals. Swimming & Aquathlon are the exceptions - Wide Bay School Sport are responsible for the selection of these teams.
